COMMENTARY BY  
JOE GALLI

Come one...  
Come all...  
Come if you dare...  
Come to our world...  
A world beyond compare...  
With sights quite bizarre, where sounds fill the air...  
The music of madness! The tragic! The magic of the fair!  
Come one!  
Come all!  
Come if you dare!  
Come all ye Family!  
The time to Gather is here!

Beware when crossing the gates into Legend Valley. For once you do, you are crossing over into another world of a surreal nature. All that is mundane and familiar is surrendered to the dominion of The Dark Carnival, a place where anything can happen and quite often does. Impure souls are advised to tread carefully, lest they find their worst nightmares made manifest in the most spectacular and terrible fashion. The wise among you would do well not to travel these haunted grounds alone. Though such bravery is appreciated, there is safety in numbers, and all are welcome to join us in the most macabre celebration of the mind-melting and unusual this side of The Nethervoid's infernal pits!

As we speak, a wicked wind is sweeping across the nation calling forth creatures of the night. The savage jesters and earthbound emissaries of the dead. The warped minds skilled in the underground arts, now clawing to the surface, desperate to return to their first true home. Like the fabled Necropolis of Midian, The Gathering of The Juggalos has been a sanctuary for our family for over two decades, and this year we hold our hatchets high for a commemoration of that very fact! Come one! Come all! For this horror-themed Gathering as

***SOMETHING WICKED THIS WAY COMES***

# GENERAL INFO

**BELOW IS ALL THE IMPORTANT INFORMATION FOR THIS YEAR'S GATHERING OF THE JUGGALOS (GOTJ)!**

## LEGEND VALLEY

Legend Valley is a 130 acre privately owned and fenced-in outdoor music venue, located at 7585 Kindle Road, Thornville, Ohio 43076. It is operated by a super dope family that has an understanding and respect for our Juggalo family. There is enough camping space at this venue to allow all attendees to camp directly on the grounds for a truly 24-hour experience (at no additional charge).

## GOTJ TICKET/WRISTBAND

The GOTJ wristband you received with your ticket purchase is not to be removed at any time and is your official pass into and out of Legend Valley (you may come and go as you please). It is good for the entire duration of the festival starting Wednesday, August 14th (at 8am) until Sunday, August 18th (at Noon). This wristband grants you access to all the concerts, wrestling events, parties, sideshows, competitions, seminars, and much more, at no additional expense to you. Under no circumstances will a replacement wristband be issued for any wristband that has been damaged, lost, stolen, or destroyed.

## VEHICLE PASSES

No vehicles are allowed inside the camping areas of Legend Valley unless they have the appropriate sticker pass stuck to the driver side windshield (Car Pass, Little Balla, or Big Balla Campsite). These sticker passes may be obtained by turning in the appropriate ticket you purchased once you arrive. They allow you to park your vehicle at your campsite, and once there, it must remain until the Gathering ends. This will be strongly enforced to ensure the safety of all our ninjas.

Car Passes apply to vehicles ranging in size from motorcycles to full-sized vans that are not towing trailers. Little Balla & Big Balla Campsite Passes apply to any vehicle RV size or smaller, along with whatever they are towing. All vehicle passes are good for the entire duration of the GOTJ starting Wednesday, August 14th (at 8 am) until Sunday, August 18th (at noon).

Keep in mind that all passengers of these vehicles must also have GOTJ wristbands to enter and they must remain inside the vehicle while it's moving. Under no circumstances will a replacement sticker be issued for any that has been damaged, lost, or stolen.

## LITTLE BALLA CAMPSITE (NO POWER)

Each of these sites are roughly 20' x 50'. The Little Balla Campsite allows you to park one vehicle of RV size (no 18 wheelers) or smaller (with or without a trailer) at your site where it must stay until the Gathering ends. Any additional vehicles parked on your site will require their own Car Pass and must fit in your designated area. Little Balla Campsites are not numbered and will be on a first come, first serve basis. If you wish to have a Little Balla Campsite adjacent to a friend, then you will need to make sure both vehicles enter the park together.

Vehicles with Little Balla Campsite stickers will also be allowed to enter the Gathering grounds first, starting on Tuesday, August 13th at 6pm. Only vehicles with Little Balla or Big Balla Campsite stickers and their passengers will be allowed to enter at this time. Keep in mind that all passengers of these vehicles must also have GOTJ wristbands to enter and they must remain inside the vehicle while it's moving (sitting on top of the vehicle or trailer will not be allowed). If there are others who plan on staying at your Little Balla Campsite, then they will have to wait until everyone else is let in.

## BIG BALLA CAMPSITE (20 & 30 AMP)

Each of these sites are roughly 20' x 50'. The Big Balla Campsite allows you to park one vehicle of RV size (no 18 wheelers) or smaller (with or without a trailer) at your site where it must stay until the Gathering ends. Any additional vehicles parked on your site will require their own Car Pass and must fit in your designated area. Big Balla Campsites are not numbered and will be on a first come, first serve basis. If you wish to have a Big Balla Campsite adjacent to a friend, then you will need to make sure both vehicles enter the park together.

Vehicles with Big Balla Campsite stickers will also be allowed to enter the Gathering grounds first, starting on Tuesday, August 13th at 6pm. Only vehicles with Big Balla or Little Balla Campsite stickers and their passengers will be allowed to enter at this time. Keep in mind that all passengers of these vehicles must also have GOTJ wristbands to enter and they must remain inside the vehicle while it's moving (sitting on top of the vehicle or trailer will not be allowed). If there are others who plan on staying at your Big Balla Campsite, then they will have to wait until everyone else is let in.

## ICP'S VIP EXPERIENCE

This highly valued pass allows you to have a special private meet-n-greet with the Insane Clown Posse themselves! With this pass, you will have an opportunity to share words, get autographs and take photos in a special VIP tent! Afterward, you will be escorted to the VIP tent to meet with ICP. Make sure to keep your VIP Experience Laminated Pass with you, as this will act as your ticket. Also, keep in mind that you will still need to purchase a GOTJ ticket to get onto the grounds.

## ICP'S DEAD ROCK STAR SEANCE (WEDNESDAY & THURSDAY NIGHT)

Join ICP along with the Minister Harry Felching a renowned medium who has mastered the ability to communicate with spirits as they reach out into the beyond to contact the ghosts of dead rock stars! You will witness many strange and wonderous sights during this hour-long experience that will leave you questioning the very fabric of reality. Ever want to dance with Elvis, see Prince perform live (... or dead in this case) or ask Michael Jackson about life advice? Well, here is your chance to see and speak to legends that have passed from this world onto the next. Along with this otherworldly experience you will also receive:

- A gift bag containing the following collectibles:

To redeem, go to the Info Tent (with your QR code) 30 minutes before your scheduled date and time for your ICP's Dead Rock Star Séance, and you will be able to pick up your gift bag. Afterward, you will wait to be escorted backstage to begin your adventure. Make sure to keep your ICP's Dead Rock Star Laminated Pass with you as this will act as your ticket. Also, keep in mind that you will still need to purchase a GOTJ ticket to get onto the grounds.

## PARKING

There is a 15-acre field located near the front entrance to Legend Valley where you may park your vehicle for free. Keep in mind there is **NO CAMPING ALLOWED IN THE PARKING AREA!** Due to fire codes, any campsites set up in the parking lot will be moved (go to the Info Tent for help locating your stuff if this happens to you).

## CAMPING

Once you enter Legend Valley with your GOTJ ticket, you are free to camp in any of the designated camping areas on a first come, first served basis. These locations will be clearly marked on the GOTJ map of Legend Valley, which is available in this GOTJ program and at [JuggaloGathering.com](http://JuggaloGathering.com). Keep in mind that the Gathering staff reserve the right to move any tent, vehicle, or campfire, to handle disputes, or if they are located on a road, or an unofficial camping area (such as the parking lot). There are some key rules that everyone must follow when camping:

- All tents and vehicles must be 15 feet from any other tent, vehicle, or campfire in all directions.
- Do not camp in-between any row of metal poles, as these mark fire lanes that must remain open.
- Make sure to safely contain, maintain, and extinguish all campfires.
- All vehicles at a campsite must have the appropriate vehicle sticker pass placed on the driver's side front windshield at all times.
- Please be respectful of your adjacent neighbors, especially when it comes to excessive noise at night.

## ADA ACCOMMODATIONS

We will be working to ensure all Juggalos have access to all the entertainment and services, regardless of ability. The following is a list of ADA accommodations.

- **ADA PARKING:** Vehicles with a valid Disabled Person Parking Placard will be allowed to park in the ADA parking area, which is the closest parking location to the stages available.
- **ACCESSIBLE BATHROOMS:** Located throughout the grounds are accessible port-a-johns.
- **WHEELCHAIRS & ADA SCOOTERS:** Bringing personal forms of ADA transportation are encouraged for those with disabilities, including wheelchairs and ADA scooters. Please keep in mind that there are some unpaved roads throughout Legend Valley. Also, due to serious safety concerns, no golf carts, minibikes, E-bikes, or other motorized vehicles will be permitted under any circumstances.
- **ADA TAXI SERVICE:** We have dedicated several 24-hour-a-day golf cart taxis to assist those with disabilities with getting around the park. (Please ask for the ADA taxi phone number at the Box Office or Info Tent if you need this service.) Please do not call for this taxi unless you truly need assistance getting around, as you would be depriving others who rely on this service.
- **CHARGING:** If you need to recharge your wheelchair or any medical-related equipment, you can do so at the Info Tent. Please bring all the cords needed to charge your device; charges must use a 110-volt, 20-amp circuit.

The people working here are connected via radio to all the event coordinators, and have the power to either help you directly, or get in contact with those who can. - A promotional area to leave flyers and CDs.
- Volunteer opportunities.

## SECURITY

Anyone who needs to get a hold of security for any reason can either go to the Box Office (located by the front entrance) or the Info Tent. Security personnel will be located all throughout the Gathering grounds as well and will be there to help you if needed. Their purpose is not to restrict people's fun but rather ensure everyone is acting in a safe and non-destructive manner while at the Gathering.

## RULES

The following is a list of key rules to help keep everyone safe and ensure a good time for all. We ask that everyone respect the property of Legend Valley. The family that has allowed us into their home are good people, who have not only opened their arms to us, but have also proven to have a complete understanding and respect for our family. We also ask ninjas to refrain from showing up early to the Gathering. This has caused problems in the past, and we ask that everyone honor this request as well as the following other rules:

- No selling of illegal substances or the breaking of any other laws.
- No underage or excessive drinking, or substance abuse.
- NO GOLF CARTS, MINI BIKES, FOUR-WHEELERS, E-BIKES OR MOTORIZED VEHICLES.
- No sitting on top of any moving vehicle or trailer.
- Children must be supervised by adults.
- No vandalism or destruction of property.
- No cutting of trees, damaging plant life, or hurting wild animals.
- The speed limit while on the grounds is 5mph.

- Avoid any kind of substance abuse...know your limits.

Many food courts will be located throughout the Gathering grounds serving delicious food and tasty beverages, including Faygo!

## BOTTLE FILL STATION

There is a bottle fill station (located on the map) where you may get fresh drinking water to fill your containers.

Juggalos! Get ready to feel the ursine power when the supreme vocal vixen HB The Grizzly steps up to maul the stage at The Gathering of the Juggalos! From Sheboygan to The Barrio, this Shrunken Head Entertainment siren has been clawing at the hearts and minds of audiences everywhere and has been known to dominate The Gathering stage with her absolutely animal stage presence! She's a class act that is hard to follow, so show out, show love and see exactly what we mean!

## SUPER FAMOUS FUN TIME GUYS • 6:35 PM

Thats right Juggalos, the SFFTG are back! The luchadorian lunatics are coming through to kickstart the Gathering and show you a fun time. Representing Long Live Evil, 8Legz and Whipstick are going to take you on a journey of laughter, resentment, and cocaine. You're stepping into LuchaFlorida this summer. So, break out your lucha masks and fanny packs; you won't want to miss it as these two try desperately to not kill each other for your enjoyment!

## YUNG MO\$H • 7:10 PM

Yung Mo\$h is a unique modern blend of hip-hop and rock on the cutting edge of TrapMetal. Be Bold is the motto, and Yung Mo\$h does not hold back. Hailing from the 513 Cincinnati, OH, YM has fine-tuned their craft playing house shows, underground clubs, headlining multiple cities, as well as a debut appearance on main stage popular rock festival Inkarceration. They've also been featured on the Doom Eternal Soundtrack. YM debut single "FACTS" is produced by Richard Wicander of Fire From the Gods and Robby Joyner. The band has the full cosign of industry heavyweights AJ Channer of FFTG and Zoltan Bathory of Five Finger Death Punch. That list is surely going to grow over time. YUNG MO\$H had this to say: "FACTS" comes from a real place. We're kicking doors down and nobody can stop us. We are relentless. We've made a move to sign with a label because we felt it was time to take that next step in our careers. Our motto is Be Bold. And like they say Fortune favors the bold. YM is here and that's Facts."

## SHAGGYTHEAIRHEAD • 7:55 PM

Juggalos, let's all join hands and Grin to the Grave when the Family born-and-bred beat maker rises to the occasion to rock out hard at The Gathering of the Juggalos! This Lazy and Crazy 1930's cartoon caricature has come to life somehow and now he's going to make it everyone's problem when he takes the reigns as the life of the party! Get ready for remixed, re-envisioned, revamped and reinvented versions of Juggalo classics with a newskool oldskool newskool twist as well as familiar hits that are wholly original! Doesn't make much sense? Sounds like a you problem, bucko. We're on Juggalo time over here, so enjoy this throwback to the future with Shaggytheairhead and get your Gather on!

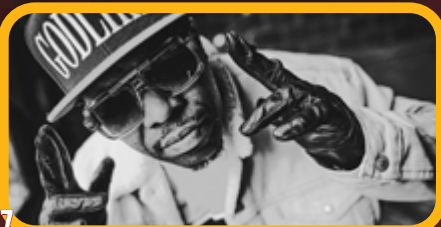

## THE HATCHETMAN PROJECT • 8:40 PM

Returning once again to rock The Gathering stage, it's the metal misfits who have been taken over by the spirit of The First 6 Joker's Cards! Their earthly bodies are merely vessels for The Dark Carnival, channeling its message through the instrumental skills inherent to their mortal frames! What your ears are about to receive are full metal arrangements of classic ICP tunes. Songs you know and love dipped in drum and guitar grit and hard enough for you to mosh to! It's time to get up and watch how a Juggalo rocks when The Hatchetman Project throws it down, GOTJ style!

## SCUM & INSANE POETRY • 9:30 PM

The legend of The Denver Snuff House is one that lives in infamy among chroniclers of American crime. A nondescript building in The Five Points neighborhood revealed scenes of grisly torture and dismemberment, with over 35 bodies recovered on scene. Investigators consider the perpetrators to be unsubs, but local rumors point to powerhouse horrorcore rappers Scum and Insane Poetry, collectively known as MMMFD. Lawyers speaking on behalf of their LSP outfit insist the content of their raw raps and resemblance to any crime scene are purely coincidental, which is just enough wiggle room for us to book them to tear the house down at The Gathering of the Juggalos! These stalwart friends of The Family have been known to bring a bloody good time no matter what the authorities say, so we welcome them to our celebration of all things wicked at the greatest Juggalo throwdown in the world!

## ESHAM • 10:20 PM

When The Gathering moon rises and a shadow of The Devil overtakes it, it is a signal for the Closed Casket to finally creek open. From his stature, many might consider him a myth of a monster, but to the Juggalos in the know he is nothing less than Reel Life. Call him The Boogeyman. Call him The Unholy. Whatsoever moniker you choose, there could be only one. Of course we're talking about the mighty, mighty Esham! In the bedrock days of Detroit rap, this wicked shit pioneer set the city on edge with the unprecedented vision of terror that was "Boomin' Words From Hell!" Since then, like a rap game Mephistopheles, his influence has only spread across the ages while he himself shows no signs of slowing down! Even as you read this, he's whipping up a bloody Amouse Bouche to force feed the listeners as a latest offering! For fans of all things wicked, an Esham set at The Gathering is never a thing to be missed, and this year is no exception! Let's give a big whoop-whoop for ESHAM!

# MACABRE STAGE

THURSDAY, AUGUST 15TH

STAGE HOST: MC LARS WITH DJ CHUNK

## DARBY O'TRILL • 6 PM

Watch how you walk when you walk these woods at night. The deeper you venture into the places where moonlight does not reach, the thicker the stench of decay as the bodies grow more numerous and the air becomes an atmosphere of rot. Beware The Creek at all costs, lest you encounter the deranged man dragging the blade of a shovel through the dirt. Juggalos, this is the archfiend of Chapter 17, the TENBANDZ Terrifier, Darby O'Trill! Beneath his head of bushy hair lies a haunted mind full of gruesome imaginings that he's more than happy to unleash on the audience like the popped top of a Riddlebox! This Nu Wicked pioneer is without a doubt a son of The Dark Carnival soil, and there's no better a way to experience him than in his element, live and in effect at The Gathering of The Juggalos!

## MASTAMIND • 6:45 PM

It's the resurrection of pure Detroit wicked in the flesh! The Gathering of the Juggalos proudly presents: The one and only Mastamind! One third of the legendary NATAS and a distinctive figure in the underground down to his Detroit roots, Mastamind's acid-dipped voice and challenging flow embody the grit and innovation of what it means to be Motor City and we couldn't be happier to have him! Juggalos, hatchets high and give it up one time for Mastamind!

## DAYTON FAMILY • 7:40 PM

You've heard their names spoken in tense whispers all across the Midwest. The Flint-town Outlaws. The Mid-Michigan Madmen. Bootleg, Backstabba, and Shoestring: better known as The Dayton Family! When these three notorious MCs hit the stage, they come hard and fast as a jack move, battering the audience with barrage of over-the-top lyrical content that has come to define Hardcore Hip-Hop as we know it! Now the Psychos from Dayton Ave have their sights set on The Gathering of the Juggalos, bringing punishing beats and their badder-than-life personas to the stage with the full intention of rocking your skull clean off your face! Get ready for raw rap from the land where the only thing worse than the attitude is the drinking water, and it's all going down live at The Gathering of The Juggalos!

## MERKULES • 8:35 PM

Riding down on a cold Canadian wind comes he, cold of stature, with even colder delivery. This long shadow cast over Hip-Hop could only belong to the one and only Merkules! We welcome to the first time at the Gathering the Platinum powerhouse whose skills and bullheaded hustle have taken him from humble beginnings to the hallowed halls of Snoop Dogg's Death Row Records! In the time between, Young Merk has been no stranger to rocking Juggalo painted faces, and the stage is set to be rocked once again when this Killaz puts The Stompedown and leaves nothing but devastation in his wake!

## ICP'S HOUSE OF HORRORS • 9:50 PM

With the necromantic spells spoken by the eminent Great Milenko, we call from out of the past one of the most spellbinding performances in Juggalo history! For one night only, what is dead and buried is made once again new and fresh for The Gathering resurrection of Insane Clown Posse's House of Horrors Show! Back in 1998, some of y'all's moms were out on dates, but that's the year ICP had their prominent clown shoes firmly on the neck of a nation with The House of Horrors Tour! In true Motown fashion, Violent J and Shaggy 2 Dope geared up and hit the road with that certified Detroit Wicked Shit, in a keystone moment that introduced the theatrics of Shock Rock into the Hip-Hop sphere! If you missed it, you're either soft as a biscuit or you weren't even born yet! We don't give a fuck! It's a blood-soaked orgy of Faygo and corpses when we bring this resident evil back from the dead, one night only, Gathering-style! So welcome to... y'all know the rest!

# MACABRE STAGE

FRIDAY, AUGUST 16TH

STAGE HOST: ZAC AMICO WITH SHAGGYTHEAIRHEAD

## SALAMANDERX • 6 PM

The Gathering of the Juggalos brings you the hardcore like cracking a tooth on a peach pit! And speaking of pits, get ready to open one up with Salamander X! Witness the evolution of rap-rock savagery with potent, punishing drums and lyrics that encourage you to nut up and get in the mix! Bodies will not be stagnant as this display of audio aggression comes blasting out the speaker stacks like a musical headbutt! If you're a pit ninja, this is your call to cop a ticket and get with it at the world's greatest Underground throwdown!

## TWISTED INSANE • 6:45 PM

As the candles burn low and vibrant, speak not, and leave only your offerings of rum and tobacco and bread. The Loa says nothing, but the familiar The Baron sends on his behalf speaks volumes. At a fast pace. Do try to keep up! The Gathering of the Juggalos is proud to present, straight from the sunset land of San Diego, the Sickopatamous himself: Twisted Insane! This Sickbrain savage is everything a Juggalo can admire in an independent powerhouse. From his decidedly dark bent to being celebrated as one of the most accomplished and unfuckwitable in the chopper skillset the world over, Sick James himself is making a rare appearance at The Gathering of the Juggalos for a demonstration on exactly how it's done! The juxtaposition of gritty street life against morbid and even supernatural subject matter is something that might hit home for many Juggalos, but none can do it in the brazy, out-there expression of West Coast wicked that is Twisted Insane!

## GANGSTA N-I-P • 7:30 PM

Like Leatherface himself, this deadly MC is a Texas horror legend and the originator of horrorcore itself! Straight from Houston, where the streets get as hot as a demon's barbecue pit, give it up for Ganxsta NIP! You read that right! During this year's celebration of all things wicked, The South Park Psycho himself makes his debut at The Gathering of the Juggalos! For those of you who don't know, this trail-blazing juggernaut carries the distinction of being a formative influence in both Southern Rap and Horrorcore! A foundational voice in either genre, NIP's violent horror imagery is tempered by a heavy dose of street-life, paralleling his contemporaries The Geto Boys long before the word 'horrorcore' became heavily associated with the style! That's as OG as it gets! The resulting career consists of more than three decades of some of the rawest lyrical content ever put to wax, and he's packing it like a serial killer's kill kit when Gangsta N-I-P hits the stage at The Gathering of the Juggalos!

## RAKIM • 8:25 PM

This year's Gathering is packed to the brim with myths, legends, and monsters. Rarest among them is the artist who could claim the status as all three! Juggalos, let us bow our heads one time before nodding them in honor of one of the greatest to ever grace a microphone. We're talking about the godfather of flow himself: The one and only Rakim! A more-than-worthy edition to any stage, Rakim is as much an ecosystem in the art of rhyming as he is an influence! From crafting one half of the all-time classic "Paid in Full" with Eric B to etching an undeniable legacy in East Coast Hip-Hop and music in general, this pioneer cemented the legitimacy of from-pen-to-page-to-booth-to-stage style the same way Michelangelo carved figures in stone! That's how deep ingrained this man is in the art and culture of it! Juggalos, the Gathering theme might be horror this year, but that's not stopping the stage from being blessed when Rakim steps up for this rare performance!

## KIM DRACULA • 9:20 PM

Coming soon, fresh out the casket to a Gathering stage near you, it's the macabre musical oddity: Kim Dracula! Divisive among discussions in musical circles thanks to their viral nature and unapologetic commitment to being wholly themselves, it's exactly that maverick spirit that drew our eye and called for them to rise up to rock The Gathering Stage! Since 2020 this Tazmanian Devil has pulled it out the mud and by the throat with a barrage of alternative hits, drawing the attention of freaks and Fam alike, resulting in collaborations with SosMula, IC3PEAK and Tech N9ne among others! Now like a flying buttress in a decaying churchyard, Kim Dracula is set to emerge from the darkness and loom large over the stage this summer at The Gathering of the Juggalos!

## OUIJA MACC • 10:40 PM

Ever dream of this man? He is the phenomenon that appears to hundreds of sleeping minds every single night. With sallow skin and empty eyes, his visage speaks through an unmoving, rictus grin. A voice ancient, hymnal and inverted, speaking of corruption, of distance, of rot, warning of a coming Darcc Planet. The Gathering of The Juggalos is the known tribal home where this strange entity is made manifest in the flesh, raising the vibration of all souls in attendance from the lowest lows to the highest heights. It's a performance unlike any other, blessed by the immutable magic of The Dark Carnival, and one that stays with you on a subconscious level long after the music subsides. Juggalos, welcome home once again for the return of Ouija Macc!

# MACABRE STAGE

SATURDAY, AUGUST 17TH

STAGE HOST: CLOWNVIS WITH DJ CLAY

## GRIMM • 6 PM

SLIT. CUT. GUT. Welcome to the black lands, where the pervasive anti-hope of the dark trap meets the uncompromising brutality of death metal! True to their name, GRIMM is music meandering and doom-laden. Discordant, like the psychological after-effects of a homicide. In a word, WICKED. From the low clean-vocals to the punishing gutturals, GRIMM represents a polished but grimy flex on modern trends in dark music honed to a deadly edge! That's why we're proud to put them on display for the hardest audience on the planet at The Gathering of the Juggalos!

## BLEED THE WICKED MENACE • 6:45 PM

They say he was born from the belly of a black goat that keeled over in the midsummer sun. On the day the maggots burst forth from its fetid guts, they rose in a swarm until taking the shape of a man. Thus, stood in all black, the Occult Rap maverick: Bleed The Wicked Menace! Juggalos, prepare your ears for the rapid-fire flow of a creature who spits from a place without light. Bleed's fast, tight and insane raps will drag you through the cemetery gates, down to Hell's Pit itself! This year The Gathering of The Juggalos is celebrating all things Wicked Shit, so with the sigils drawn we are summoning Bleed The Wicked Menace to rock the stage until the dead themselves get up and dance!

## VENDED • 7:30 PM

Calling all mosh pit monsters, slam-dance savages and bone-on-bone body bashers! This one's for you! The Gathering of the Juggalos is proud to present these nu-metal legends in the making! With punishing percussion, rhythm and bass that move like a mustang's gallop and searing vocals that leave scorch marks in the center of your mind: This is Vended! We're talking a crew that brings the metal like armored knights clashing on a medieval battlefield! With their indomitable stage presence, if you can't mosh to it, you're probably dead already! Vended's pedigree includes the sons of two of the founding members of Slipknot, making it this year's wildcard band to watch! This performance is gearing up to be talked about for Gatherings to come, so come out and witness it for yourself at The Gathering of the Juggalos!

## DJ PAUL • 8:25 PM

A long shadow is cast over the land at the emergence of the rap game's dark horse. The wielder of the Mystic Stylez. The original Tear da Club Up Thug. The Master of Evil. We welcome home to The Gathering stage a true original and Academy Award winning Juggalo extraordinaire (no, really): DJ PAUL! Few figures in music history have a pedigree as storied and celebrated as our long time, down-by-law homie and we're super excited to have him back and rocking with us! From grinding his way to the top of the Memphis underground to reaching pinnacle success during the MTV era without compromising a damn thing, DJ Paul's status as an industry vet is nothing less than legendary soldier status! This card-carrying member of The Killjoy Club has Juggalo love flowing in his veins, so on behalf of Psychopathic Records, if you're excited to see DJ Paul at The Gathering, let's get it in the comments one time! Everybody say – MAFIA!

## STATIC-X • 9:20 PM

GOTJ is a place where the inmates are running the asylum, and our team of highly trained (and deranged) Psychopathic staff have cut a prescription for some hard and heavy electroshock therapy, Static-X style! Their industrial-fueled pop culture presence has been as unavoidable as a freight-train, cutting a path to the heights of the nu-metal pantheon like a Grim Reaper's scythe through all lesser performers! From framing an iconic scene in the cult-classic film "Queen of the Damned", to tearing arenas the world over straight to the GROUND with their bombastic stage show, the Project: Regeneration renegades are now poised to dominate The Gathering stage, to accomplish nothing less than rocking Juggalo-painted faces! The presence of The Ostego Dead looms as larger than life as it ever has been, so prepare yourself! These masters of the noise are locked and loaded to conduct a spinning whirlwind of Juggalo bodies! What happens next has to be seen to be believed when the lights go down and Static-X overtakes the stage!

## ICP'S THE RED SHOW • 10:40 PM

When you hear the sharp pipes of a calliope winding its way into your brain, it's already too late. The music rises, growing ever more frantic, as a gang of redrum clowns take to the stage alongside two titans of bloody terror: Violent J and Shaggy 2 Dope, collectively known as the Insane Clown Posse! From putting the worst of the ghetto in your face to dragging you down to the reddish glow of Hell's Pit, it's a name synonymous with Horror Rap since 1992, and in 2024 they're dropping three decades of Wicked Shit on The Gathering of The Juggalos like a Hatchet to the dome! Prepare your eyes and ears for some of the scariest and most influential cuts committed to wax, played live and in your face as the Faygo flies like a bigot's head after a visit from a Joker's Card! You want horror? Welcome to the core, OG Wicked Clown style painted on a red canvas using real blood! And the only way to reach it is at The Gathering of The Juggalos!

Ummo is a rap-metal and horrorcore band, although the term they best identify with is "sci-fi rap" - a genre they invented themselves. The origin of the name Ummo comes from the 1960s, when an alleged UFO encounter took place in Madrid. It is said that the Ummites, who are the inhabitants of the planet Ummo, located in the Wolf 424 star system, had several communications with the earthlings with the intention of carrying out a peaceful mission on our planet, and that they even came and live among us! Behold the band that traveled nearly 14.4 light years to perform at the annual spectacle known as the Gathering of the Juggalos!

**MONSTER WOLF • 12:20 AM**

Monster Wolf is a band hailing out of Tijuana, México. Lead by Triple A and NWA pro wrestler Mecha Wolf. Playing a blend of horror punk, thrash and flashes of 1st generation black metal, the band has opted to brand their music as "Horror Metal", inspired by classic horror movies and fast music. Monster Wolf combines fast aggressive music with horror movie themes, occultism and theatrical performances. Monster Wolf is influenced by bands like: The Misfits, Alice Cooper and King Diamond. Their latest single, "Sex, Wolves, Rock & Roll" showcases the band's ability to deliver heavy music with a catchy twist. The music video includes legendary luchador Damián 666 as Satan himself.

**KING GORDY • 2:20 AM**

In his wake lies body after broken body of lesser MCs. A man whose Detroit pedigree places him rightfully among the wickedest to ever spit from the mouth of The Motor City, as cold as a Midwest Winter. The original Cobainiac. Lord Vader aka The Phantom of Van Dyke & Harper. The man who could teach you How to Gag a Maggot. We're talking the one and only: KING GORDY! That's right Juggalos! You're about to witness The Return of The King, Wicked Shit-style as the OG Tunnel Runner returns to the turf where he claimed his crown as the oft-contested King of Horrorcore! ## A KILLER'S CONFESSION • MIDNIGHT

The cluster of cloud cover casts long shadows as figures emerge from the darkness, setting the stage for the dark night of the soul. The music comes forceful and heavy, the melody deep and personal, sharp enough to cut you to the core. Juggalos, we welcome to The Gathering stage: A Killer's Confession! Fronted by former Mushroomhead vocalist Waylon Reavis, A Killer's Confession weaves songs of worldly strife and internal conflict against a moody heavy-metal backdrop. This award-winning band puts Reavis' vocal talent on full display for a captivating performance that is as beautiful as it is sinister. A Killer's Confession offers listeners something cool and creepy while at the same time staying heavy and larger than life, and that makes them a perfect fit for The Gathering of the Juggalos!

## KUNG FU VAMPIRE • 1:00 AM

A famous count once said, "The Blood is The Life". But what is life without a bangin' beat and a little groove on top of it? Enter the Kung Fu Vampire! This is the man who, from inception, brought two things to the table: Sharp fangs and a party for The Fam! This dead sexy creature has cemented himself as God of the Ghetto Gothic with graveyard bops that'll have you jumping out the crypt and straight into a Juggalo-flavored mosh pit! From time immemorial he has been here, biding his time until he finally found a place among the tribe, that's why we're so stoked to welcome KFU back to rock with us at The Gathering of The Juggalos! The amount of clown love this crypt-bound creature shows is as real as the casket dirt he stands on, so you know he's gonna keep the Juggalo party going until sun up, as only he can!

## SCYTHE GANG 666 • 2:00 AM

Rumor has it these three escaped the devil's clutches, just so they could raise Hell all on their own! Maezi, King Zabb and Crimewave wear mayhem on their sleeve, and that's reflected in their genre-defying sound as the killer cabal that we call Scythe Gang 666! Juggalos know from Gatherings past to expect an explosive, high energy performance from these Emerald City outcasts, with their hard-hitting trap style coming laced with brutal metalcore riffs and a heavy dose of unhealthy aggression! Their bold mixture of over-the-top antics and anti-authoritarian swagger is the perfect vibe for a Juggalo party, and you can catch Scythe Gang 666 at the greatest one of all, The Gathering of the Juggalos!
